1. Do you think the conceptual design of the Draft Framework works? What would you change?

"New Professional Framework", (ALIA, 2022, p. 3) does not actually mean an improvement.

I have been in the information sector since 2001 and have been employed in 2 Institutional Academic Libraries.

I agree that ethics is important to an improved professional framework, though a low risk and traditional profession is important for its' future and sustainability. Otherwise, there are too many unresolved challenges in the workplace.

2. Are there any elements that you would add, amend, or remove?

N/A

3. Would a Framework along the lines of the draft Framework be useful to you in your career or workplace? How could you see it being used?

N/A

4. Is LIS professional recognition valuable to you? What changes would you like to see to professional recognition?

LIS professional recognition is valuable.

I am interested in 2 Professional Development (PD) Scheme Specialisations:

Heritage Collections and Government.

How does these 2 PD Scheme Specialisations fit into the proposed 8 professional knowledge domains (ALIA, 2022, p. 39)?

I have been a member of ALIA since August 2016.

Thank you, kindly.

5. Any other comments?
